

Sudoku

All Sudokus are completely random generated, unique and solvable by logic only (with the exception of level "evil").

Solutions

A collection of various numbers (0-9) in different sizes and orientations, scattered across a white background. The numbers are rendered in a clean, sans-serif font. Some numbers are large and prominent, while others are small and subtle. The arrangement is non-random, with some numbers appearing in groups or sequences, suggesting a pattern or a specific message. For example, the number '2' appears at the top right, '0' in the upper middle, '7' in the middle left, '9' in the middle right, '5' in the lower right, '1' in the lower middle, '6' in the lower left, and '4' in the middle left. The numbers are scattered across the white background, with some appearing in groups or sequences, suggesting a pattern or a specific message.
